

Life Sciences & MedTech
in the Upper Rhine region

BIOVALLEY[®]
The place to boost
your research
and business!

BIOVALLEY[®]
The Life Sciences Network

Life Sciences & MedTech in the trinational
Upper Rhine Metropolitan region
Think Europe, think BioValley!

The BIOVALLEY®

A resource-rich environment
to foster your Life Sciences
& MedTech activities

50,000 people
employed in life sciences

15,000 scientists

100,000 students

600 life sciences companies:

350 "Pharma/Biotech" | 250 "Medical Devices"

10 universities and academic institutes
dedicated to life sciences

30 qualified technology platforms

11 life sciences parks

An outstanding concentration of Life Sciences & MedTech companies

- ▶ Top pharmaceutical, MedTech and Start-up companies: 40% of the world's major pharmaceutical companies are located in our trinational area.
- ▶ Established and experienced bio-incubators

Welcome
to the BioValley
located at the heart of
Europe in the Upper Rhine
region! A trinational environment
offering a unique concentration of
scientific services & businesses
dedicated to life sciences and
medical technologies will
maximize your research
and growth.

World-class public research

- ▶ Renowned universities, public and private research labs
- ▶ Three recent Nobel Prize winners (medicine/chemistry)
- ▶ Qualified Technology Transfer Offices: Conectus in Alsace, University of Freiburg, University of Basel
- ▶ Scientific platforms providing state-of-the-art scientific services to industry and academics: screening, ADME, spectroscopy, NMR, phenotyping, clinical research...

A talent pool adaptable to an international environment

- ▶ Qualified manpower
- ▶ Renowned training centres

BIOVALLEY®

The Life Sciences Network

What we can do for you:

The BIOVALLEY®

The place to boost your research and business in Europe!

🎯 We are the leading trinational biocluster in Europe and one of the world's leading Life Science clusters.

▶ Our project's synergy is partially due to our location in the heart of Europe including the regions of Alsace in France, South-Baden in Germany and Northwest Switzerland (Upper Rhine region).

▶ Our cluster brings together more than 4,000 players representing companies, research institutions, technology transfer offices, public economic development offices, bankers, venture capital companies, service companies, suppliers...

We offer over 10 years of expertise and experience in supporting life sciences actors to you.

🎯 SAVE TIME & MONEY!

▶ Take advantage of our unique services, expertise and network, free of charge!

🎯 FIND THE NEEDLE IN A HAYSTACK!

▶ Find your ideal research and business partner!

▶ Take advantage of our unique multilingual matchmaking service and network

🎯 BOOST YOUR NETWORK!

▶ Make contact and stay in touch with qualified researchers and business developers:
▶ More opportunities
▶ More interactions
▶ More growth

🎯 EXPAND FASTER!

▶ In the BioValley, all trinational life sciences players are within a short driving distance (~ 90 min.)

The BIOVALLEY® Cluster

Free dedicated services to make your business easier!

🎯 BioValley offers outstanding collaboration opportunities and a wide range of free services to support all phases of your projects:

- 1 Matchmaking: identification of partners/technologies/patents**
contact: matchmaker@biovalley.com
- 2 Commercial representation at international trade fairs**
- 3 Networking with internationally renowned clusters**
- 4 Organisation of scientific meetings, roadshows and partnering events**

At BioValley, you are in touch with scientific/business advisors who will counsel you and boost your business. Simplicity is our objective!
